PRODUCTION:

The Plata is produced in the town of Jesús Maria – one of the highest points in Los Altos, or highlands, region of the state of Jalisco which gives a very unique flavour profile to the tequila.

The agave is matured for at least 9 years. Immediately after Jimado the agave piñas are slow-cooked whole with steam for 72 hours in traditional stone ovens to eliminate the bitter honeys. After cooling, double fermentation is undertaken with secret proprietary yeasts and then carefully distilled in copper pot stills with a rigorous attention to detail on heads & tails to ensure the highest quality spirit. Triple filtration before extended ageing for 60 months in the highest quality, heavily charred, used sherry casks selected by the master distiller.

TASTING NOTE:

Deep amber in colour, with a silky, full and rich body. Smoothness is omnipresent with this Tequila. On the nose; it displays astonishing notes of aromatic oak, fresh agave and intense sherry notes with just a hint of caramel and vanilla. The ageing time gives this sipping tequila an amazing balance, body and flavour profile that draws you back for another sip.
